MEET ISOLATION AND RESIDENCY REQUIREMENTS

(Subject to EU studbook and animal health listing (category A))

Before exporting a Registered horse, you'll need to have kept it on a UK holding under veterinary supervision - for 40 days for temporary exports (trips of less than 90 days), or for 90 days for a permanent export.

CHECK YOU HAVE THE RIGHT EQUINE IDENTIFICATION

You'll be able to use your Weatherbys horse passport.

If the Studbook is not recognised by the EU you will also need
a government- issued equine ID from APHA or DAERA
- ensure this is sent to your OV along with the EHC.

CHECK IF YOU NEED AN EXPORT WELFARE DECLARATION

Thoroughbred horses don't need an export declaration if they are being shipped for a race or for training, or they're being shipped to be used for breeding.
