The charity that inspires young minds

Racing to School is an education charity that works with racing and its venues to inspire young minds through free, interactive, and healthy outdoor learning activities.

The charity works nationwide with over 250 schools, and this year will reach around 16,000 young people – at UK racecourses, trainers' yards and studs. Their activity days support the learning and boost the self-confidence of children aged nine and above. Racing to School uses racing venues as unique, fast-moving classrooms full of opportunities to practise and improve subjects like maths, literacy and problem-solving.

The charity is only able to support young people's education through the kind donations it receives.

Foreword

I am delighted to report that the Jump Pattern Committee has confirmed a package of changes to the 2023/24 Pattern and Listed Jump programme to help support and strengthen the upper tier of British Jump racing.

These changes have been agreed as part of an in-depth review by the committee over the course of the last 18 months, in line with the aims and initial recommendations of the Quality Jump Racing Review Group. They will see the Jump Pattern and Listed programme in Britain reshaped and refined for the 2023/24 season, with races repositioned within the racing calendar and, in some cases, removed entirely where other similar opportunities exist. This aims to ensure that our Graded and Listed contests are spaced more appropriately throughout the calendar and can incentivise increased competition between our best Jump horses at more regular points throughout the season. The Jump Pattern Committee were fully supportive of the 'less is more' approach and are confident these interventions will have a positive impact on the overall programme at the top level.

Prominent adjustments in the hurdle division include the relocation of the Grade 1 Tolworth from Sandown Park to Aintree's new Boxing Day fixture, which is sure to attract a strong festive crowd from Merseyside and beyond. Of course, with Tolworth being a suburb of Greater London, the race which propelled Constitution Hill to his first Cheltenham Festival win in 2022 required a new name, and has now been titled 'The Formby'.

Another change to note is the decision to move the Grade 2 International at Cheltenham to Festival Trials Day at the end of January, rather than retain its customary position in early December. The Jump Pattern Committee felt strongly that the race in its former slot rather worked against both of the Grade 1 two-mile hurdle opportunities either side of it – namely the Fighting Fifth at Newcastle and the Christmas Hurdle at Kempton Park. The move of the International will bolster Festival Trials Day and offer the home contingent a further opportunity to prepare for the big four days in March.

Notable alterations to the steeplechase programme include the Grade 2 Desert Orchid at Kempton Park on 27 December becoming a Grade 2 Limited Handicap, with the aim of making the race more competitive and creating more optimal spacing within the weight-for-age two-mile chase programme. Several adjustments have also been made to the novice chase programme, with deletion, distance and venue change all measures utilised by the committee to refine the schedule and encourage race competitiveness in this division.

We are grateful to all racecourses and racecourse groups that have accepted and facilitated this package of changes to the Jump Pattern – particularly those racecourses which have lost races during the process. Without their support much of the work would not have been possible. I am pleased to report however that the reshaping of the Pattern did create some opportunities for new races, of which we have four joining the programme this season at Cheltenham, Newbury and Sandown Park. Full details of all the changes

coming into effect for the 2023/24 season, including those new races, can be found in the following pages of this publication.

The work to reshape the programme ahead of next season, through both tactical interventions and ensuring a more suitable spread of opportunities, is considered the first step towards bolstering British Jump racing and ensuring we remain competitive internationally. The next stage should focus on long-term investment in the top end of the sport, with work already well underway as part of British racing's industry strategy to ensure that prize money levels support the development and retention of higher-rated horses in Britain. The Jump Pattern Committee will continue to communicate with British horseracing's leaders in this area and will strive to ensure that our sport's top performers are appropriately rewarded.

At the Jump Pattern Committee's annual review meeting the committee reviewed the race ratings for all of Britain's Graded and Listed Jump races in 2022/23 as part of the usual quality control processes. With the interventions outlined above firmly in mind, the committee discussed the concept of introducing protection for our best races for a period of time. A key element of our work had been to ensure that there was an improved shape and rhythm to the Pattern. As such, to undertake any further trimming of the Pattern at this stage, without giving the changes time to bed in, would seem specious. The more logical 'pattern' to the Pattern created through the review would immediately be threatened. Therefore, I can confirm that the committee agreed to introduce a moratorium on the downgrading of any Grade 1, Grade 2 or Listed Jump races for a period of three years, beginning with immediate effect. Premier Handicaps will continue to be assessed and managed in the normal way. Details of any Premier Handicaps downgraded following the annual assessment process in 2023 are also included below for your information.

A small working party made up of committee members is also set to meet in the coming months to review and optimise the Mares' Pattern and Listed programme ahead of the 2024/25 season, with any changes to be announced in due course.

A vast amount of research has gone into this package of changes, and many thanks are due to the Quality Jump Racing Review Group. I would also like to add my personal thanks to Ruth Quinn, Stuart Middleton, Ben Fearnley and Adam Hurley, whose hard work and dedication to our sport cannot be over-estimated, and to all the members of the Jump Pattern Committee whose support is hugely appreciated.

ANGLO-IRISH JUMP CLASSIFICATIONS 2022-23

This is the twenty fourth full Anglo-Irish Jump Classification. It classifies the best steeplechasers and hurdlers that were trained in either Britain or Ireland during the 2022-2023 season, or in France if that performance was achieved in Britain or Ireland. It is not a handicap but a retrospective measurement of best sustainable performances during the recent season so there may be differences from current handicap marks.

The classifications are for all chasers and hurdlers down to a rating of 150. Originally the classification included horses rated 130 and above, which was later revised to 140 and above. 2020-21 was the first time the classification has been limited to 150 and above.

Both the steeplechasers and hurdlers are divided into distance categories of 2 miles to 2 miles 2.5 furlongs, 2 miles 3 furlongs to 2 miles 6.5 furlongs and 2 miles 7 furlongs plus. They are included in the list in which the handicappers believe they have put up their best performance. This is the fourth season that the hurdlers have been divided into three categories to match the steeplechasing division.

There is a separate classification identifying Novices rated 150 and above. Juvenile Hurdles are included in the Novice Hurdle section.

Horses trained in Ireland have * appended after their name. Horses trained in France but have a performance at 150+ in Great Britain or Ireland have ** appended after their name. Mares are in italics, Hunter Chasers underscored.

The ratings were agreed and compiled by;

Andrew Shaw	Ireland
Martin Greenwood	Great Britain
Andrew Meador	Great Britain
Mark Olley	Great Britain
Chris Nash	Great Britain
Michael Harris	Great Britain
Shay Quinn	Ireland
Graeme Smith	Great Britain

JUMP PATTERN COMMITTEE

AIMS

1. The Jump Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality Pattern and Listed races in each age, sex and distance category.
2. The Committee aims to achieve a balance of Grade 1, Grade 2 and Listed races within the Pattern and Listed race structure, so that there are more Grade 2 races than Grade 1, and that the total number of Grade 2 and Listed races should be at least double the total number of Grade 1 races.

(NB: A Pattern race is defined as a Grade 1 or 2 race, or a Premier Handicap.)

ADMINISTRATION

The Secretariat will be provided by the British Horseracing Authority's Racing Department.

GROUND RULES

1. GENERAL RULES FOR JUMP PATTERN AND LISTED RACES

Every Jump Pattern and Listed race must conform to the following rules:

- 1.1 It must have no geographically-based conditions of entry with regard to the place of the horse's birth, training or ownership.
- 1.2 Grade 1 and 2 races must have a permanent element in the title, to which a prefix or suffix may be added.
- 1.3 It must justify its grading by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period.
- 1.5 The Yearly Race Rating is the average of the official ratings of the best four horses to start in the race in any given year. If a race attracts fewer than four runners, then a rating 30lb below the relevant parameter (down to a base of 100) will be inserted to make up the fourth (and where necessary third) rating. Any horse which is included amongst the four highest-rated runners in a race but which has a rating below the designated figure (either 30lb below the parameter or 100, whichever is the higher) will have that rating inflated to that figure. This is to avoid penalising a race for attracting horses that, in their absence, would actually have resulted in a higher race rating.
- 1.6 Where a race has been abandoned after declaration stage, the Yearly Race Rating is calculated by taking an average of the four highest rated declarations. Should the race be abandoned before declaration stage, no Yearly Race Rating will be generated. If a race is abandoned during any three-year period and no Yearly Race Rating generated, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

- 1.7 In addition, the actual weight allowance received by any fillies and mares in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings.
- 1.8 The Average Race Ratings below are the standard which a race should achieve to justify its status:

Pattern Races

Grade	Open			Mares' Races		
	Hurdle	Chase	NHF	Hurdle	Chase	NHF
Grade 1	155	155		148	148

Listed (Novice)	125	125	115	118	118	108
Listed (Juvenile)	120		110	113		

- 1.9 Grade 1 races must be run with no penalties or allowances other than a sex allowance. Grade 2 races must be weight-for-age races or limited handicaps. Premier Handicaps must be open handicaps with no rating-band restriction.

(NB: A Pattern race below Grade 1 which is open only to first and second season horses may have a restriction of rating placed within the race conditions, by permission of the Committee.)

2. DEFINITION OF CHANGES TO JUMP PATTERN AND LISTED RACES

Any changes to Jump Pattern or Listed races must be agreed by the Jump Pattern Committee and subsequently approved by the Board of the British Horseracing Authority. For the purposes of the Ground Rules, changes are defined as:

- 2.1 Any change of a Grade of a Pattern race.
- 2.2 Any change to the conditions or date of a Pattern or Listed race.
- 2.3 Any change to the permanent element in the name of a Pattern race.
- 2.4 A change of more than 50% in the total value of a Grade 2 or Premier Handicap.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING JUMP PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of existing Pattern and Listed races and the creation of New Pattern and Listed races

The following rules shall apply to the upgrading of Pattern races by Grade and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances.

- 3.1.1 To qualify for upgrading or admission to the Pattern, a race must have been run with similar conditions and comparable prize money, and on approximately the same date, for the last three years at least. Promotion or admission of a race must be justified by the quality of the runners, assessed by the ratings of the best four horses, in the last three years at least. The criteria shall be the standard ratings for Pattern Grades set out in paragraph 1.8.
- 3.1.3 No race shall be eligible for promotion to Grade 1, Grade 2 or Listed if this would involve a clash liable to have adverse effects on an existing Grade 1 or 2 race.
- 3.1.4 A new race satisfying the requirements for admission to the Pattern programme must be introduced as either a Listed race or as a Grade 2 race, as determined by the Committee, or as a Premier Handicap (if an open handicap).

3.2 Downgrading or Deleting Pattern and Listed Races

At the Committee's end of season meeting, all races will be assessed. The following rules shall apply to the downgrading/deletion of all Pattern and Listed races:

- 3.2.1 If the Average Race Rating is more than 3lb below its parameter, a warning letter will be issued to the relevant racecourse.
- 3.2.2 If the Average Race Rating is more than 3lb below its parameter for two consecutive years then a majority vote will decide if the race should be downgraded.
- 3.2.3 If the Yearly Race Rating is below the parameter in each of the last two years a warning letter will be issued to the relevant racecourse.
- 3.2.4 If the Yearly Race Rating is below the parameter in each of the last three years it will be downgraded automatically.

In assessing upgrades, admissions, downgrades or deletions of races, the Committee will not be restricted to taking decisions based solely on ratings criteria. Other factors may additionally be taken into account, including: broader race-planning requirements; average field sizes; and the effect on the shape of the British Jump Pattern and Listed race programme as a whole, including geographical considerations.

4. NOTIFICATION & IMPLEMENTATION OF CHANGES

- 4.1 Until a public announcement has been made by the Committee, through the BHA, there must be no statement to the media of any proposed changes to Pattern and Listed races.

The charity that inspires young minds

Racing to School is an education charity that works with racing and its venues to inspire young minds through free, interactive, and healthy outdoor learning activities.

The charity works nationwide with over 250 schools, and this year will reach around 16,000 young people – at UK racecourses, trainers' yards and studs. Their activity days support the learning and boost the self-confidence of children aged nine and above. Racing to School uses racing venues as unique, fast-moving classrooms full of opportunities to practise and improve subjects like maths, literacy and problem-solving.

The charity is only able to support young people's education through the kind donations it receives.
