Foreword

As newly appointed Chair of the Jump Pattern Committee I am pleased to have the opportunity to write this foreword to the 2024/25 programme of Jump Pattern and Listed races. I personally joined the committee in late-2023 and was comforted by the passion and knowledge of its members, and I look forward with optimism to the challenges that lie ahead as we continue to protect and strengthen the upper tier of British Jump racing.

As readers of this publication will be aware, ahead of last season the Jump Pattern Committee instigated a number of tactical adjustments to the programme following an in-depth strategic review, with races repositioned or removed entirely, in tandem with the introduction of some new Pattern and Listed race opportunities. This work ensured that our best Jump races were spaced more appropriately throughout the calendar and aimed to incentivise increased competition between our quality horses at more regular points throughout the season. The committee reviewed the changes at the annual end-of-season meeting, and I am pleased to say most interventions had a positive impact in their first year. Of course, we are very conscious that we only have one season of evidence from which to assess the effect of the changes, and we will continue to monitor the impact at both a micro and macro level.

A key element of the Jump Pattern review had been to ensure that there was an improved structure and rhythm to the Pattern. As such, to undertake any further reduction of the Pattern without giving the changes adequate time to bed in felt illogical, and so 12 months ago the committee introduced a moratorium on the downgrading of any Grade 1, Grade 2 or Listed Jump race for a period of three years. However, it became apparent at the committee's latest end-of-season race ratings review that Premier Handicaps (formerly Grade 3 races) were coming under increasing pressure and so it was felt prudent to also place a pause on the downgrading of these races, pending further review. These races had not formed part of the committee's Jump Pattern review and so the group will shortly commence an assessment of the programme of Premier Handicaps before any further decision is taken regarding the overarching quality control processes. The net-result of these decisions taken by the committee is that there were no Jump Pattern or Listed races downgraded following the latest season, and so the schedule contained in this publication will mirror closely what was in place previously.

However, there are still some changes to note. In 2023 the Jump Pattern Committee formed a small sub-group from its members to consider the mares' black type programme, with a view to optimising and bolstering the schedule where possible. After several meetings – which benefitted from data-led discussions and wide-ranging debate – that group made several recommendations to the Jump Pattern Committee ahead of the upcoming season. Following consideration and subsequent discussions with relevant racecourses, some adjustments to the calendar have been agreed to improve the spread of opportunities for mares, as well as the introduction of three new Listed races at Doncaster, Exeter and Kelso. We are grateful to all racecourses and racecourse groups that have accepted and facilitated this package of changes to the mares' programme. As

ever the Jump Pattern Committee will closely monitor the impact of these changes, but we are confident that the modifications will prove successful.

The Jump Pattern Committee was also pleased to be consulted on the adjustments to the Cheltenham Festival race programme from 2025. The committee considered each of the proposals in turn and was supportive of the direction of travel, granting approval to changes to Pattern races where necessary. The committee applauds the Jockey Club and Cheltenham racecourse for being on the front foot in this area, as we collectively strive for competitive and captivating sport in our flagship races.

Of course, changes to the Jump Pattern can only achieve so much in isolation, and the Jump Pattern Committee continues to liaise with all relevant industry groups around long-term investment in the top end of the sport, to ensure that prize money levels support the development and retention of higher-rated horses in Britain. These efforts must also include emphasis on the supply chain of future talent into British racing, a vital area of focus within the industry strategy, which should help to ensure we safeguard the future of a healthy and compelling Jump Pattern.

Finally, I would like to congratulate my predecessor Lucinda Cavendish, as her tenure as Chair of the Jump Pattern Committee concludes. We offer our sincere thanks for her years of service. I also extend my gratitude for the commitment of all members of the committee, and also to Ruth Quinn, Stuart Middleton, Ben Fearnley and Adam Hurley, whose hard work and dedication to our sport should not be underestimated.

CHANGES TO MARES' JUMP PATTERN AND LISTED PROGRAMME FOR 2024/25

The full list of changes to the mares' Jump Pattern and Listed programme for the 2024/25 season following the review of the Jump Pattern Committee sub-group is published below.

Mares' Class 1 Steeple Chase Programme:

- **Carlisle's Houghton Mares' Chase (2m 4f) – 3 November**

Carlisle has agreed to move the Houghton from its 1 December slot to the earlier 3 November date.

- **Market Rasen's Bud Booth Mares' Chase (3m) – 27 November**

Market Rasen has accommodated the movement of this race to 27 November which takes it three and a half weeks after the Houghton.

- **Newbury's Listed 3m Mares' Chase – 15 January**

Newbury's Listed 3m Chase has been moved to the course's January fixture to create better spacing in the mares' 2 1/2 miles and 3 miles chase division.

- **Huntingdon's Lady Protectress Mares' Chase (2m 4f) – 6 February**

Huntingdon's Lady Protectress has been moved to the course's February fixture to create better spacing in the mares' 2 1/2 miles and 3 miles chase division.

- **New Agatha Christie 2m Mares' Novices' Steeple Chase at Exeter – 9 February**

A new Listed mares' novices' steeple chase over 2 miles has been programmed at Exeter on 9 February. The race will join Bangor-on-Dee's race in November as an additional option in the programme for 2m novice chase mares.

- **Exeter's Listed 3m Mares' Chase – 21 February**

Exeter's Listed 3m Chase has been moved to the course's next fixture in February to create better spacing in the mares' 2 1/2 miles and 3 miles chase division.

- **Cheltenham's Mares' Novices' Handicap Chase (2m 4f) – 17 April**

Cheltenham's Mares' Novices' Handicap Chase on 17 April has been changed from a Grade 2 limited handicap to a full weight-range Premier Handicap.

Mares' Class 1 Hurdle Race Programme:

- **Kempton's Listed Mares' Hurdle reduced to 2 1/2 miles – 25 November**

Kempton's Listed hurdle for mares has been reduced in distance from 3 miles to 2 1/2 miles, but remains on the same date at the end of November.

- **New Doncaster Listed 3m Mares' Hurdle – 14 December**

A new Listed hurdle race has been programmed at Doncaster over 3 miles on 14 December (three weeks after Kempton and three weeks before Sandown). This is now the only mares' hurdle over 3 miles in the first half of the season and will fit the shape of the programme, delivering a Listed race over 2 miles, 2 1/2 miles and 3 miles in this period.

- **Warfield Mares' Hurdle and Yorkshire Rose Mares' Hurdle distance switch in January**

The Grade 2 Warfield at Ascot and Grade 2 Yorkshire Rose at Doncaster will switch distances this season, so that the Warfield (18 January) is the 2 miles option and the Yorkshire Rose (25 January) is run over 3 miles.

- **New Kelso Listed 3m Mares' Hurdle – 22 March**

A new Listed hurdle race has been programmed at Kelso over 3 miles on 22 March. This new race should complement the current programme and offer an additional opportunity for staying mares during the second half of the season.

ANGLO-IRISH JUMP CLASSIFICATIONS 2023-24

This is the twenty fifth full Anglo-Irish Jump Classification. It classifies the best steeplechasers and hurdlers that were trained in either Britain or Ireland during the 2023-2024 season, or in France if that performance was achieved in Britain or Ireland. It is not a handicap but a retrospective measurement of best sustainable performances during the recent season so there may be differences from current handicap marks.

The classifications are for all chasers and hurdlers down to a rating of 150. Originally the classification included horses rated 130 and above, which was later revised to 140 and above. 2020-21 was the first time the classification has been limited to 150 and above.

Both the steeplechasers and hurdlers are divided into distance categories of 2 miles to 2 miles 2.5 furlongs, 2 miles 3 furlongs to 2 miles 6.5 furlongs and 2 miles 7 furlongs plus. They are included in the list in which the handicappers believe they have put up their best performance. This is the fourth season that the hurdlers have been divided into three categories to match the steeplechasing division.

There is a separate classification identifying Novices rated 150 and above. Juvenile Hurdlers are included in the Novice Hurdle section.

Horses trained in Ireland have * appended after their name. Horses trained in France but have a performance at 150+ in Great Britain or Ireland have ** appended after their name. Mares are in italics, Hunter Chasers underscored.

The ratings were agreed and compiled by;

Andrew Shaw	Ireland
Martin Greenwood	Great Britain
Andrew Meador	Great Britain
Mark Olley	Great Britain
Chris Nash	Great Britain
Michael Harris	Great Britain
Shay Quinn	Ireland
Graeme Smith	Great Britain

JUMP PATTERN COMMITTEE

AIMS

1. The Jump Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality Pattern and Listed races in each age, sex and distance category.
2. The Committee aims to achieve a balance of Grade 1, Grade 2 and Listed races within the Pattern and Listed race structure, so that there are more Grade 2 races than Grade 1, and that the total number of Grade 2 and Listed races should be at least double the total number of Grade 1 races.

(NB: A Pattern race is defined as a Grade 1 or 2 race, or a Premier Handicap.)

ADMINISTRATION

The Secretariat will be provided by the British Horseracing Authority's Racing Department.

GROUND RULES

1. GENERAL RULES FOR JUMP PATTERN AND LISTED RACES

Every Jump Pattern and Listed race must conform to the following rules:

- 1.1 It must have no geographically-based conditions of entry with regard to the place of the horse's birth, training or ownership.
- 1.2 Grade 1 and 2 races must have a permanent element in the title, to which a prefix or suffix may be added.
- 1.3 It must justify its grading by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period.
- 1.5 The Yearly Race Rating is the average of the official ratings of the best four horses to start in the race in any given year. If a race attracts fewer than four runners, then a rating 30lb below the relevant parameter (down to a base of 100) will be inserted to make up the fourth (and where necessary third) rating. Any horse which is included amongst the four highest-rated runners in a race but which has a rating below the designated figure (either 30lb below the parameter or 100, whichever is the higher) will have that rating inflated to that figure. This is to avoid penalising a race for attracting horses that, in their absence, would actually have resulted in a higher race rating.
- 1.6 Where a race has been abandoned after declaration stage, the Yearly Race Rating is calculated by taking an average of the four highest rated declarations. Should the race be abandoned before declaration stage, no Yearly Race Rating will be generated. If a race is abandoned during any three-year period and no Yearly Race Rating generated, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

- 1.7 In addition, the actual weight allowance received by any fillies and mares in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings.
- 1.8 The Average Race Ratings below are the standard which a race should achieve to justify its status:

Pattern Races

Grade	Open			Mares' Races		
	Hurdle	Chase	NHF	Hurdle	Chase	NHF
Grade 1	155	155		148	148

Listed (Novice)	125	125	115	118	118	108
Listed (Juvenile)	120		110	113		

- 1.9 Grade 1 races must be run with no penalties or allowances other than a sex allowance. Grade 2 races must be weight-for-age races or limited handicaps. Premier Handicaps must be open handicaps with no rating-band restriction.

(NB: A Pattern race below Grade 1 which is open only to first and second season horses may have a restriction of rating placed within the race conditions, by permission of the Committee.)

2. DEFINITION OF CHANGES TO JUMP PATTERN AND LISTED RACES

Any changes to Jump Pattern or Listed races must be agreed by the Jump Pattern Committee and subsequently approved by the Board of the British Horseracing Authority. For the purposes of the Ground Rules, changes are defined as:

- 2.1 Any change of a Grade of a Pattern race.
- 2.2 Any change to the conditions or date of a Pattern or Listed race.
- 2.3 Any change to the permanent element in the name of a Pattern race.
- 2.4 A change of more than 50% in the total value of a Grade 2 or Premier Handicap.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING JUMP PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of existing Pattern and Listed races and the creation of New Pattern and Listed races

The following rules shall apply to the upgrading of Pattern races by Grade and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances.

- 3.1.1 To qualify for upgrading or admission to the Pattern, a race must have been run with similar conditions and comparable prize money, and on approximately the same date, for the last three years at least. Promotion or admission of a race must be justified by the quality of the runners, assessed by the ratings of the best four horses, in the last three years at least. The criteria shall be the standard ratings for Pattern Grades set out in paragraph 1.8.
- 3.1.3 No race shall be eligible for promotion to Grade 1, Grade 2 or Listed if this would involve a clash liable to have adverse effects on an existing Grade 1 or 2 race.
- 3.1.4 A new race satisfying the requirements for admission to the Pattern programme must be introduced as either a Listed race or as a Grade 2 race, as determined by the Committee, or as a Premier Handicap (if an open handicap).

3.2 Downgrading or Deleting Pattern and Listed Races

At the Committee's end of season meeting, all races will be assessed. The following rules shall apply to the downgrading/deletion of all Pattern and Listed races:

- 3.2.1 If the Average Race Rating is more than 3lb below its parameter, a warning letter will be issued to the relevant racecourse.
- 3.2.2 If the Average Race Rating is more than 3lb below its parameter for two consecutive years then a majority vote will decide if the race should be downgraded.
- 3.2.3 If the Yearly Race Rating is below the parameter in each of the last two years a warning letter will be issued to the relevant racecourse.
- 3.2.4 If the Yearly Race Rating is below the parameter in each of the last three years it will be downgraded automatically.

In assessing upgrades, admissions, downgrades or deletions of races, the Committee will not be restricted to taking decisions based solely on ratings criteria. Other factors may additionally be taken into account, including: broader race-planning requirements; average field sizes; and the effect on the shape of the British Jump Pattern and Listed race programme as a whole, including geographical considerations.

4. NOTIFICATION & IMPLEMENTATION OF CHANGES

- 4.1 Until a public announcement has been made by the Committee, through the BHA, there must be no statement to the media of any proposed changes to Pattern and Listed races.

RACING TO SCHOOL

Racing Together

The charity that inspires young minds

Racing to School is an education charity that works with racing and its venues to inspire young minds through free, interactive, and healthy outdoor learning activities.

The charity works nationwide with over 250 schools, and this year will reach around 16,000 young people – at UK racecourses, trainers' yards and studs. Their activity days support the learning and boost the self-confidence of children aged nine and above. Racing to School uses racing venues as unique, fast-moving classrooms full of opportunities to practise and improve subjects like maths, literacy and problem-solving.

The charity is only able to support young people's education through the kind donations it receives.
