HANDICAPS AND OTHER RATING RELATED RACES
HANDICAP RATING FOR QUALIFICATION

Before making entries for Handicaps and other Rating Related races, reference must be made to the qualifying Rating Lists published on the Information area of the British Horseracing Authority Racing Administration Service Internet site each Tuesday. These ratings will apply for qualification purposes for races closing on the Tuesday of publication through to the following Monday. Amendments to these qualifying ratings will also be published, for information, on the Information area of the Racing Administration Internet site.

HANDICAPS WITH SPLIT ENTRY STAKE FEES

For those Handicap races which have a split entry stake fee dependent on the Handicap rating of the horse, i.e.

£xx stake if the horse is rated aa or higher, or
£yy stake if the horse is rated bb or lower with
£zz extra if the horse is declared to run

The relevant stake fee shall be determined by the Handicap rating used to calculate the weight for each horse entered in the race in question, and not by the published qualifying rating, if any.

The conditions of races appearing in this book are subject to alteration before closing. The final conditions will appear in the relevant Racing Calendar in advance of the closing date.

Foreword

Keen followers of the Jump Pattern programme will recall that 12 months ago we highlighted the creation of a sub-group of the Jump Pattern Committee to assess the Premier Handicap programme. This category of race did not form part of the original Jump Pattern Review in 2023, as Premier Handicaps sit somewhat outside of the regular 'pattern' of Graded race opportunities for the best horses throughout the season, with the Premier Handicap category having been introduced to acknowledge the success of our major handicaps, rather than taking any account of positioning within the wider Pattern. However, the Jump Pattern Committee felt it was overdue to assess this last area of the programme that has thus far remained untouched. We are pleased to report the committee has confirmed a number of upgrades, tactical adjustments and technical changes to the Premier Handicap programme ahead of the 2026/27 season, which should optimise the schedule and strengthen this specific category of race which is so important to Jump racing's eco-system.

The Jump Pattern Committee approved several upgrades to the Premier Handicap schedule, many of which were races that had benefitted from that status in the past and were now seen as deserving of reinstatement to benefit the wider programme. These are, the Silver Trophy Handicap Hurdle (2m 3.5f) at Chepstow in October; the Lanzarote Handicap Hurdle (2m 5f) at Kempton Park in January; and the Imperial Cup Handicap Hurdle (2m) at Sandown Park in March. The committee also approved the upgrade of the Morebattle Handicap Hurdle (2m) at Kelso in February, and the Hurst Park Steeple Chase (2m) at Ascot in November, which essentially swaps status with Ascot's equivalent race in October so that race becomes a Class 2 opportunity.

Following identification of a handful of gaps in the programme, there will be two new Premier Handicap races added to strengthen and balance the schedule. These are a new 2m 4f handicap hurdle race at Kelso in December (the 'Tradesmen's Plate') and upgrade of the existing Class 2 handicap steeple chase at Sandown Park over two miles in February (the 'Wolsey'). Also worth highlighting is that from 2027 the Scottish Champion Hurdle (2m) at Ayr will be converted from a limited handicap Grade 2 to a full weight range Premier Handicap.

Other changes to the Premier Handicap structure agreed were the introduction of an average field size metric as part of the Jump Pattern Committee's annual quality control for these races specifically, and a revised ratings parameter for Premier Handicap hurdle races (135) as part of the annual assessment. From this season all remaining standard closing Premier Handicaps will switch to an early closing system, and finally, all Premier Handicaps will have a registered race handle for ease of identification – a requirement previously limited to Grade 1, Grade 2 and Listed races only.

The BHA Racing Department would like to thank those members of the Jump Pattern Committee who gave up their time to join the Premier Handicap sub-group and develop

an exciting package of changes ahead of the upcoming 2026/27 Jump season. We hope – and expect – these adjustments to have an immediate and long-lasting positive effect on the programme.

The mares' black type programme in Jump racing is constantly evolving and to that end we are pleased to confirm a selection of upgrades in this area. The mares' novices' hurdle (2m) at Windsor's Winter Millions fixture in January has been upgraded to Listed status in recognition of strong performance since its introduction, and will be named the 'Round Tower'. Also, both the Yorkshire Silver Vase Mares' Steeple Chase (2m 4.5f) at Doncaster in December and the Fair Maid of Perth Mares' Steeple Chase (3m) in April will be upgraded to Grade 2 status.

In relation to quality control, the committee continues to exercise a pause on the downgrading of any Pattern or Listed race, including Premier Handicaps. This action was reviewed by the committee at the end of the latest campaign and extended for a further period of three years (up to the end of the 2028/29 Jump season). As a reminder, the moratorium on downgrades was introduced to eliminate the risk of the committee being forced to commit self-harm based on strict adherence to annual assessment criteria whilst the sport's efforts to strengthen the number of quality horses being bred, trained and raced in Britain is ongoing. However it remains within the gift of the committee to take action against any seriously underperforming Jump Pattern or Listed race, and the committee continues to monitor the performance of these races closely on an annual basis.

The Jump Pattern Committee continues to feed into cross-industry discussions around bolstering the population of higher-rated horses in Britain. The former Chair of the committee, Simon Cox, is now of course Chair of the BHA and so has relinquished his role on this group. Simon was exceptional as Chair of the Jump Pattern Committee and, with his involvement in the high-quality horses steering group, was instrumental in advocating for investment in developmental races, advancements in minimum values for our best Jump races and the introduction of the point-to-point graduate bonus scheme. The Jump Pattern Committee will continue to be an active participator in the industry's ongoing efforts to increase the volume of high-quality horses in Britain.

We extend our gratitude for the commitment and passion of all members of the committee, including those who have recently concluded terms of office as members of the committee and those who have joined the group – or will in the future – to continue its important work.

ANGLO-IRISH JUMP CLASSIFICATIONS 2025-2026

This is the twenty seventh full Anglo-Irish Jump Classification. It classifies the best steeplechasers and hurdlers that were trained in either Britain or Ireland during the 2025-2026 season, or in France if that performance was achieved in Britain or Ireland. It is not a handicap but a retrospective measurement of best sustainable performances during the recent season so there may be differences from current handicap marks.

The classifications are for all chasers and hurdlers down to a rating of 150. Originally the classification included horses rated 130 and above, which was later revised to 140 and above. **2020-21** was the first time the classification has been limited to 150 and above.

Both the steeplechasers and hurdlers are divided into distance categories of 2 miles to 2 miles 2.5 furlongs, 2 miles 3 furlongs to 2 miles 6.5 furlongs and 2 miles 7 furlongs plus. They are included in the list in which the handicappers believe they have put up their best performance. This is the eighth season that the hurdlers have been divided into three categories to match the steeplechasing division.

There is a separate classification identifying Novices rated 150 and above. Juvenile Hurdlers are included in the Novice Hurdle section.

Horses trained in Ireland have * appended after their name. Horses trained in France but have a performance at 150+ in Great Britain or Ireland have ** appended after their name. Mares are in italics, Hunter Chasers underscored.

The ratings were agreed and compiled by;

Martin Greenwood	Great Britain
Shay Quinn	Ireland
Michael Harris	Great Britain
Marcus Weedon	Ireland
Mark Olley	Great Britain
Chris Nash	Great Britain
Graeme Smith	Great Britain
James Norris	Great Britain
Matt Gardner	Great Britain
Ali Galliers-Pratt	Great Britain

JUMP PATTERN COMMITTEE

AIMS

1. The Jump Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality Pattern and Listed races in each age, sex and distance category.

2 The Committee aims to achieve a balance of Grade 1, Grade 2 and Listed races within the Pattern and Listed race structure, so that there are more Grade 2 races than Grade 1, and that the total number of Grade 2 and Listed races should be at least double the total number of Grade 1 races.

(NB: A Pattern race is defined as a Grade 1 or 2 race, or a Premier Handicap.)

ADMINISTRATION

The Secretariat will be provided by the British Horseracing Authority's Racing Department.

GROUND RULES

1. GENERAL RULES FOR JUMP PATTERN AND LISTED RACES

Every Jump Pattern and Listed race must conform to the following rules:

1.1 It must have no geographically-based conditions of entry with regard to the place of the horse's birth, training or ownership.

1.2 Every Jump Pattern and Listed race must have a permanent element (the 'race handle') in the title, to which a sponsor's name may be added as a prefix or suffix. In the case of Grade 1 races, a sponsor's name is not permitted to replace the established race handle in the title. For Grade 2 races, Premier Handicaps and Listed races, the race handle may appear in brackets after the title, preceded by 'Registered as ….'

1.3 It must justify its grading by the quality of its runners, assessed primarily by its Average Race Rating. For Premier Handicaps, a three-year average field size metric will also be evaluated.

1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period.

1.5 The Yearly Race Rating is the average of the official ratings of the best four horses to start in the race in any given year. If a race attracts fewer than four runners, then a rating 30lb below the relevant parameter (down to a base of 100) will be inserted to make up the fourth (and where necessary third) rating. Any horse which is included amongst the four highest-rated runners in a race but which has a rating below the designated figure (either 30lb below the parameter or 100, whichever is the higher) will have that rating inflated to that figure. This is to avoid penalising a race for attracting horses that, in their absence, would actually have resulted in a higher race rating.

1.6 Where a race has been abandoned after declaration stage, the Yearly Race Rating is calculated by taking an average of the four highest rated declarations. Should the race be abandoned before declaration stage, no Yearly Race Rating will be generated. If a race is abandoned during any three-year period and no Yearly Race Rating generated, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

1.7 In addition, the actual weight allowance received by any fillies and mares in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings.

1.8 The Average Race Ratings below are the standard which a race should achieve to justify its status:

Pattern Races

	Open			Mares' Races		
Grade	**Hurdle**	**Chase**	**NHF**	**Hurdle**	**Chase**	**NHF**
Grade 1	150	150		143	143

Listed (Novice)	120	120	110	113	113	103
Listed (Juvenile)	115		105	108		

1.9 Grade 1 races must be run with no penalties or allowances other than a sex allowance. Grade 2 races must be weight-for-age races or limited handicaps. Premier Handicaps must be open handicaps with no rating-band restriction.

(*NB: A Pattern race below Grade 1 which is open only to first and second season horses may have a restriction of rating placed within the race conditions, by permission of the Committee.)*

2. DEFINITION OF CHANGES TO JUMP PATTERN AND LISTED RACES

Any changes to Jump Pattern or Listed races must be agreed by the Jump Pattern Committee and subsequently approved by the Board of the British Horseracing Authority. For the purposes of the Ground Rules, changes are defined as:

2.1 Any change of a Grade of a Pattern race.

2.2 Any change to the conditions or date of a Pattern or Listed race.

2.3 Any change to the permanent element (the 'race handle') in the name of a Grade 1, Grade 2 or Listed race.

2.4 A change of more than 50% in the total value of a Grade 2 or Premier Handicap.

2.5 The introduction of a new Pattern or Listed race.

2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING JUMP PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of existing Pattern and Listed races and the creation of New Pattern and Listed races

The following rules shall apply to the upgrading of existing Pattern races, the admission of new races into the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances.

3.1.1 To qualify for upgrading or admission to the Pattern, a race must have been run with similar conditions and comparable prize money, and on approximately the same date, for at least the last three years.

3.1.2 Promotion or admission of a race must be justified by the quality of the runners, assessed by the ratings of the best four horses, in the last three years at least. The criteria shall be the standard ratings for Pattern Grades set out in paragraph 1.8.

3.1.3 No race shall be eligible for promotion if this would involve a clash liable to have adverse effects on an existing Grade 1 or 2 race.

3.1.4 A new race satisfying the requirements for admission to the Pattern programme must be introduced as either a Listed race or as a Grade 2 race, as determined by the Committee, or as a Premier Handicap (if an open handicap).

3.2 Downgrading or Deleting Pattern and Listed Races

At the Committee's end of season meeting, all races will be assessed. The following rules shall apply to the downgrading/deletion of all Pattern and Listed races:

3.2.1 If the Average Race Rating is more than 3lb below its parameter, a warning letter will be issued to the relevant racecourse.

3.2.2 If the Average Race Rating is more than 3lb below its parameter for two consecutive years then a majority vote will decide if the race should be downgraded.

3.2.3 If the Yearly Race Rating is below the parameter in each of the last two years a warning letter will be issued to the relevant racecourse.

3.2.4 If the Yearly Race Rating is below the parameter in each of the last three years then a majority vote will decide if the race should be downgraded.

For Premier Handicaps only:

3.2.5 If the three-year average field size (using declared runners) is below the respective benchmark (12 for hurdle races, and 10 for steeple chases) in each of the last two years a warning letter will be issued to the relevant racecourse.

3.2.6 If the three-year average field size (using declared runners) is below the benchmark (12 for hurdle races, and 10 for steeple chases) in each of the last three years then a majority vote will decide if the race should be downgraded.

In assessing upgrades, admissions, downgrades or deletions of races, the Committee will not be restricted to taking decisions based solely on ratings criteria. Other factors may additionally be taken into account, including: broader race-planning requirements; average field sizes; and the effect on the shape of the British Jump Pattern and Listed race programme as a whole, including geographical considerations.

4. NOTIFICATION & IMPLEMENTATION OF CHANGES

4.1 Until a public announcement has been made by the Committee, through the BHA, there must be no statement made to the media about any proposed changes to Pattern and Listed races.

Racing to School inspires the learning of diverse groups of young minds aged 9 - 16 years through the provision of free, interactive, and accessible outdoor educational events for schools.

Staged at a variety of horseracing venues nationwide, days increase confidence and raise career aspirations with a lasting impact.

Every young person receives a bespoke activity workbook covering subjects such as maths and nutrution that form part of the day, as well as activities that can be taken back to the classroom.
